

Climate Action Initiative

An Act to Accelerate Transition to Clean Energy and Reduce Greenhouse Gas Emissions

Be it enacted by the Senate and House of Representatives:

SEC. 1. PURPOSE

The purpose of this Act is to: (1) Transition the United States to 80% clean energy by 2035; (2) Create millions of clean energy jobs; (3) Reduce greenhouse gas emissions by 75% below 2005 levels; (4) Invest in renewable energy infrastructure; (5) Support affected workers and communities.

SEC. 2. CLEAN ENERGY INVESTMENT PROGRAM

(a) Authorization: \$500 billion is authorized to be appropriated for clean energy development; (b) Focus areas: Solar, wind, geothermal, hydroelectric, and emerging technologies; (c) Geographic distribution: Investment shall prioritize historically disadvantaged communities; (d) Private sector matching: Tax incentives for private investment in clean energy.

SEC. 3. FOSSIL FUEL PHASE-OUT

(a) Coal power plant phase-out by 2030; (b) Natural gas requirements reduced by 30% by 2030; (c) Oil and gas subsidies eliminated; (d) Carbon pricing mechanism established.

SEC. 4. WORKFORCE DEVELOPMENT

(a) \$100 billion in training programs for affected workers; (b) Wage guarantees for clean energy workers; (c) Pension protection for displaced coal miners; (d) Community support programs for fossil fuel-dependent regions.

SEC. 5. EFFECTIVE DATE

This Act takes effect upon enactment.
